SR-178 at Fairfax Road Interchange Project Fairfax Road Closure

The Thomas Roads Improvement Program announces that the SR-178 at Fairfax Road Interchange project will begin the second phase of construction in late February. Construction work during this phase requires the closure of Fairfax Road, south of SR-178 to Valley View Drive. The road will close on February 25, 2008 and remain closed for approximately two months.

Motorists traveling south of the highway on Fairfax Road will need to use alternate routes to enter and exit SR-178. See attached detour map.

There are no other traffic restrictions on SR-178 at this time. Fairfax Road, north of SR-178, will remain open during this phase of construction.

Motorists traveling through the project area should slow down and watch for construction personnel and equipment entering and leaving the site. Stay alert and follow traffic and detour signs while traveling through the area. **Slow for the Cone Zone.**

For additional information, contact Janet Wheeler at (661) 326-3491.
