Traffic Advisory

Lane Closure at Truxtun Avenue at Mohawk Street

Security Paving Company, the contractor for the Mohawk Street Extension project, plans to work on a waterline connection at Truxtun Avenue and Mohawk Street on Friday, October 2. The work will require a lane closure of the Number 2 (outside) westbound traffic lane between the hours of 9:30 a.m. and 3:30 p.m.

Motorists should remain alert to changing traffic conditions and watch for construction equipment and personnel while traveling through the area.
