Traffic Advisory

Lane Closures on Calloway Drive from Marby Grange Way to Gleneagles Drive

Security Paving Company, the contractor for the Westside Parkway project, plans to close the northbound and southbound #1 (inside) lanes of Calloway Drive, Monday, March 15, 2010 through Friday, March 19, 2010. The closures will be in effect from 8:15 a.m. to 5:00 p.m. The closure is to allow removal of the median in preparation for construction work on the future Westside Parkway at Calloway Drive interchange.

Construction of a four-lane detour, with bike lanes and a paved pedestrian walkway, is currently underway just west of Calloway Drive. When complete, the detour will tie into Calloway Drive, on the north and south sides of the Westside Parkway right-of-way, allowing traffic flow to continue while the interchange is under construction. Motorists should be aware that a closure of the southbound #3 (outside) lane will occur within the next couple of weeks for work on the detour tie-in.

Motorists should remain alert to changing traffic conditions and watch for construction equipment and personnel while traveling through the area.

For additional information on the Westside Parkway project, please visit our website at www.BakersfieldFreeways.us.
