Traffic Advisory

Potential traffic delays on Calloway Drive

Motorists traveling on Calloway Drive, between Stockdale Highway and Brimhall Road, should be prepared for potential delays on Friday, May 14, 2010.

Security Paving Company plans to move traffic onto the four-lane paved detour, located just west of the existing road. The detour includes two traffic lanes in each direction, bike lanes, and a pedestrian walkway. Traffic will continue using the detour while the Calloway bridge over the Westside Parkway is under construction.

Work is scheduled to begin at 8:30 a.m. and could result in periodic delays of up to ten minutes while striping to the tie-in is completed. Work is expected to be complete by mid-afternoon.

Motorists should avoid the area or allow additional time if traveling through the area. The Thomas Roads Improvement Program apologizes for any inconvenience this work causes the traveling public.

For additional information on the Westside Parkway project, please visit our website at www.BakersfieldFreeways.us.
