Traffic Advisory

Nighttime Lane Closures on Calloway Drive

Security Paving Company, the contractor for the Westside Parkway project, will be installing a new sewer line across Calloway Drive near Marby Grange Way on Monday and Tuesday, December 6-7, 2010. This work will be performed at night and motorists should anticipate lane closures to be in effect between the hours of 8 p.m. and 6 a.m.

The contractor plans to close one lane at a time so the road will remain open to traffic. The lane closures will affect both northbound and southbound lanes and motorists are advised to avoid the area, if possible, while work is underway. Please stay alert and watch for construction equipment and personnel if traveling through the area is unavoidable.

The Thomas Roads Improvement Program apologizes for any inconvenience that may be caused by this work.

For additional information on the Westside Parkway project, please visit our website at www.BakersfieldFreeways.us.
