Traffic Advisory

Truxtun Avenue Work Continues Tonight

Security Paving Company will continue working tonight, July 20, on falsework installation for the bridge crossing Truxtun Avenue. This work will require closure of the inside traffic lanes, in both directions, between Commercial Way and Empire Drive between the hours of 8 and 10 p.m.

The outside lanes will remain open to traffic while work is underway, except when work is occurring over the roadway. To ensure the safety of workers and the traveling public, intermittent lane closures will also be required for the outside eastbound lane. Motorists should anticipate these lane closures lasting up to 15 minutes. All lanes will reopen to traffic prior to the morning commute.

Motorists needing to travel through the area during these nighttime hours are advised to use alternate routes and to allow extra time to reach their destinations. Motorists may detour around the area by using Mohawk Street and Oak Street to/from California Avenue or the new Mohawk Street Extension to/from Rosedale Highway.

The Thomas Roads Improvement Program apologizes for any inconvenience this work causes the traveling public. For additional information on the Westside Parkway, please visit our website at www.bakersfieldfreeways.us.
